CHIRAG KASHYAP

Software Engineer | Web & Mobile Development

Noida, Uttar Pradesh, India | +91 9548174325 | chiragkashyap26712@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Results-driven Software Engineer with 1+ years of experience building responsive, scalable web applications and cross-platform mobile apps using React.js, Next.js, React Native, Node.js, Express.js, MySQL, and Firebase. Skilled in WordPress and Shopify development, including custom theme design, plugin integration, and Razorpay payment gateway implementation. Track record of delivering 90+ Google PageSpeed scores, improving user engagement, and reducing project delivery time through AI-assisted development and modern deployment workflows (Vercel, Netlify). Holds a Master of Computer Applications (MCA) with a CGPA of 8.8; currently building AI-integrated web and mobile products full-time as a Software Engineer.

WORK EXPERIENCE

Associate Software Engineer | Labhyansh Account Simplified (Noida) *July 2026 – Present*

- Building **cross-platform mobile applications** for iOS and Android using React Native as part of the company's AI-powered application suite.
- Developing **custom web solutions** using Next.js, React.js, and other modern frameworks to support scalable, AI-driven product features.
- Collaborating with cross-functional teams to design and ship AI-integrated features across web and mobile platforms.

Web Developer Intern | Growthpandit Pvt. Ltd. (Remote) *Jan 2026 – June 2026*

- Built and deployed **4+ full-stack web apps** using React.js/Next.js on Vercel, cutting delivery time by **30%**.
- Delivered **20+ custom WordPress/Shopify solutions**, consistently achieving **90+ Google PageSpeed scores**.
- Integrated Razorpay (Magic Checkout, COD) and resolved shipping/coupon-sync issues for reliable checkout.

Web Developer Intern | Elem Consumer Tech Pvt. Ltd. (Onsite) *Jan 2023 – Jul 2024*

- Developed and maintained the company's Shopify storefront, including custom themes and UI components.
- Improved engagement and conversion rates by **20%** via targeted creative and content updates.
- Built responsive React.js interfaces achieving **90+ PageSpeed scores**.

PROJECTS

Mockly AI — AI-Powered Mock Interview Platform — *Next.js, Voice-to-Voice AI, Vercel*

- Built a real-time, voice-to-voice AI mock interview platform that simulates live interview sessions, analyzes candidate responses, and delivers instant feedback; developed as MCA final-year capstone project (team lead).

Vayu-WARN — Real-Time Disaster Alert System — *Next.js, Firebase, Vercel*

- Developed a real-time disaster alert web application enabling instant community reporting, with interactive Leaflet map visualization and serverless, role-based access control for live emergency tracking.

Chirag.dev — Personal Developer Portfolio — *Next.js, Tailwind CSS, Firebase, Vercel*

- Built a full-featured portfolio site with a custom admin panel for dynamic content management via Firebase; achieved a 95+ Lighthouse score through server-side rendering, lazy loading, and Next.js image optimization.
